Tech Talk

EPISODE #3
Thursday, February 19th
11 AM-12 PM EST

Join us for a conversation in technology and government contracting, career advice, and more in Episode #3!

John Larkin is a highly accomplished executive with three decades of progressive leadership experience spanning both the public and private sectors. He currently serves as Director at ECS, where he directs critical accounts for the Department of State and Department of Commerce. Mr. Larkin is also dedicated to developing future industry leaders as an Adjunct Professor at George Mason University, where he teaches graduate courses in Digital Media Forensics. He holds a Master of Science in IT Management from George Mason University and maintains active CIO, PMP, and CISSP certifications.
